

MY ORTHOPTERA SPECIES: _____

Choose a Maine species from the list below.

Go to www.songsofinsects.com and navigate to the species page using the links on the left-hand, gray column of the home page.

Read about your species, listen to the recordings, study the sonogram, and practice using a comb and a pencil (or other tools) to replicate the pattern of the song as best you can.

Next week, you will have an opportunity to share a tidbit about your species and join in a performance with many other singing Orthopteras!

Maine Orthopteras

Field and Ground Crickets:

- Spring and Fall Field Crickets
- Carolina Ground Cricket
- Allard's Ground Cricket
